INDEPENDENT AUDITOR'S REPORT

Report on the Financial Statements

We have audited the accompanying financial statements of McLaughlin Research Institute for Biomedical Sciences, Inc. (a nonprofit organization), which comprise the statements of financial position as of June 30, 2016 and 2015, and the related statements of activities, functional expenses, and cash flows, for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of McLaughlin Research Institute for Biomedical Sciences, Inc. as of June 30, 2016 and 2015, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated February 23, 2017, on our consideration of McLaughlin Research Institute for Biomedical Sciences, Inc.'s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering McLaughlin Research Institute for Biomedical Sciences, Inc.'s internal control over financial reporting and compliance.

Great Falls, Montana February 23, 2017

NOTE 1: THE INSTITUTE AND ITS SIGNIFICANT ACCOUNTING POLICIES:

The Institute

McLaughlin Research Institute for Biomedical Sciences, Inc. (the "Institute") began in 1954 to improve human health through innovative genetic research and education. Research at the Institute focuses on understanding the genetic control of normal development and susceptibility to neurological diseases using the mouse as the model system. The Institute's biomedical research program is highly interactive and creative and has led to improvements in human health and well-being through increased knowledge and understanding of the genetic basis of susceptibility to disease. Research at the Institute currently focuses on neurodegenerative diseases including Parkinson's, Alzheimer's, prion diseases and multiple sclerosis. The Institute is supported primarily through federal grants and donor contributions.

The Institute also conducts an education program offering research internships for high school students and teachers enabling them to work and learn in the laboratory with experienced scientists. Interns are active participants in research programs and they learn, as no textbook can teach, the questioning process by which new knowledge is obtained. The Institute's education program is designed to inspire future scientists. Many participants in the program have gone on to productive careers in science or medicine and several have achieved national and international recognition in their fields.

The Institute is a section 501(c)(3) nonprofit corporation exempt from Federal income tax under Section 501(a) of the Internal Revenue Code. The Institute is also exempt from state and local income taxes.

Basis of Accounting

The Institute's financial statements have been prepared using the accrual basis of accounting and conform to accounting principles generally accepted in the United States of America as applicable to not-for-profit entities.

Net Assets

The net assets of the Institute and the changes therein are classified and reported as follows:

Unrestricted net assets are categorized as either board designated or other and represent funds that are fully available, at the discretion of management and the Board of the Institute, for the Institute to utilize in any of its programs or supporting services.

Temporarily restricted net assets are amounts that have been restricted in use by either donor or time specification. The Institute has established a policy whereby donor-restricted contributions whose restrictions are met in the same reporting period that the funds are received are reported as unrestricted support.

Permanently restricted net assets represent those resources that are subject to donorimposed stipulations that they be maintained permanently by the Institute. The income earned on the underlying investments is to be used for either general or specific purposes, depending on the wishes of the donors.

Cash and Cash Equivalents

Cash equivalents consist of highly liquid investments and certificates of deposit with a maturity of no more than three months, except for cash equivalents classified as investments. The Institute maintains concentrations of its cash and cash equivalents in various financial institutions. Cash and cash equivalents are insured by the Federal Deposit Insurance Corporation (FDIC) up to \$250,000 per institution. Cash in excess of \$250,000 is held at the second financial institution within its Bank Insured Deposit Program (BIDP) whereby excess funds are invested for a short term in various banks and insured by FDIC.

Fair Value Measurement

The Institute reports a fair value measurement for all applicable assets and liabilities.

Contributions

The Institute reports contributions received as unrestricted, temporarily restricted or permanently restricted support, depending on the existence and/or nature of any donor restrictions. Contributions are recognized when the donor makes a promise to give to the Institute that is, in substance, unconditional. The Institute classifies contributions that are restricted by the donor for core programs as unrestricted designated contributions if the restrictions expire in the fiscal year in which the contribution is recognized. All other donor-restricted contributions are reported as increases in temporarily or permanently restricted net assets depending on the nature of the restrictions. When a restriction is met, temporarily restricted net assets are reclassified to unrestricted net assets. Permanently restricted contributions contain donor-imposed restrictions that stipulate the resources be maintained permanently, but permit the Institute to expend part or all of the income derived from the donated assets for either specified or unspecified purposes. Contributions of property and equipment are recorded at their estimated fair value at the date of contribution. Contributions of services are recognized in accordance with generally accepted accounting principles (GAAP).

Accounts, Grants and Pledges Receivable

Receivables are stated at the amount management expects to collect from outstanding balances. Management provides for probable uncollectible amounts through a charge to change in net assets and a credit to a valuation allowance based on its assessment of the current status of individual accounts. Balances outstanding after management has used reasonable collection efforts are written-off through a charge to the valuation allowance and a credit to accounts, grants or pledges receivable.

Investments

Investments are measured at fair value in the accompanying statement of financial position. The following methods and assumptions were used by the Institute in estimating the fair value of its financial instruments:

Cash and cash equivalents: The carrying amounts reported in the accompanying statement of financial position for cash and cash equivalents approximate fair value.

Equity securities, fixed income and U. S. Government obligations: Fair values of equities and all debt securities are based on quoted market prices.

Mutual funds: Fair values of mutual funds are based on published unit values.

The Institute's investments are managed by outside investment managers who operate within the guidelines established by the Finance Committee of the Board of Trustees. Restricted gains and investment income are reported as unrestricted revenues when restrictions are met in the same reporting period.

Property and Equipment

Property and equipment is recorded at cost, less depreciation and amortization. The Institute's policy is to expense property and equipment with initial costs of less than \$5,000. Depreciation is computed using the straight-line method over the estimated useful lives of the assets. Estimated useful lives vary from three to fifteen years for equipment and from five to thirty-five years for the building and building improvements, and forty years for the land improvements.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Grants and Contracts

Revenue from grants and contracts is recognized as the related costs are incurred under the grant or contract agreement.

Allocation of Expenses

Expenses pertaining to more than one function are allocated based on employee time estimates or management's estimates of the benefits derived.

Advertising Costs

The Institute advertises to promote its programs. Advertising costs are expensed as incurred. During the years ended June 30, 2016 and 2015, advertising costs totaled \$12,016 and \$11,060 respectively.

Split-Interest Agreements

Gift annuity obligations result from annuity contracts whereby donors receive life-time income in exchange for a payment that constitutes part charitable contribution and part purchase of an annuity. Under the terms of the agreements, the assets associated with these investments are either unrestricted or permanently restricted, depending upon the donor's wishes. Assets received are recorded at fair value on the date the agreement is recognized. The asset values at June 30, 2016 and 2015 are \$384,997 and \$402,421, respectively, and are shown as investments on the Statement of Financial Position. On an annual basis, the Institute revalues the liability to make distributions to the designated beneficiaries based on actuarial assumptions. The present value of the estimated future payments (\$193,826 and \$189,649 at June 30, 2016 and 2015, respectively) are calculated using discount rates between 1.2% - 6.2% and applicable mortality tables.

Actuarial gains and losses are reflected in the accompanying statement of activities as change in value of split-interest agreements. There were no contribution revenues from charitable gift annuities for the years ended June 30, 2016 and 2015.

NOTE 2: CONTRIBUTIONS RECEIVABLE:

At June 30, 2016 and 2015, contributions receivable are estimated to be received as follows:

Cross amounts due las	-	2015		
Gross amounts due in:				
Less than one year	\$	14,924	\$	17,300
One to five years		59,698		59,202
Six to seven years		4,924		9,601
	\$	79,546	\$	86,103

Discounting contributions to present value using the Federal Funds Rate was determined not to result in a significant amount and, as a result, the carrying amount of contributions receivable approximates fair value.

Based on its prior experience with donors and grantors, management expects all receivables to be fully collectible and no allowance for doubtful amounts was deemed necessary.

NOTE 3: CASH, CASH EQUIVALENTS AND INVESTMENTS:

Cash, cash equivalents and investments consisted of the following at June 30, 2016 and 2015:

	20	16		20	15	
	Fair			Fair

Equities		=		=		
Mutual Funds	2,577,948	2,194,920		2,817,433	2	2,130,150
	\$ 5,208,641	\$ 4,809,712	\$	4,807,555	\$ 4	4,120,293

Investments are classified in the statement of financial position as follows:

	2016	2015
Cash and Cash Equivalents	\$ 169,798	\$ 127,480
Investments	5,038,843	4,680,075
	\$ 5,208,641	\$ 4,807,555

The net investment return and its classification in the statement of activities were as follows:

	2016	2015
Interest, Dividends and Mutual Fund Distributions	\$ 186,333	\$ 193,619
Investment Advisory Fees	(23,495)	(19,545)
Net Realized and Unrealized Gains (Losses)	(241,016)	(54,463)
	\$ (78,178)	\$ 119,611

Substantially all investments were held by one custodian at June 30, 2016. The custodian maintains investment protection coverage provided by the Securities Investor Protection Corporation ("SIPC") in the amount of \$500,000.

NOTE 4: FAIR VALUE MEASUREMENTS:

The Institute determined the fair value of its marketable securities through the application of Accounting Standards Codification (ASC) No. 820. The Institute carries investments in marketable securities with readily determinable fair values and all investments in debt securities at their fair values in the statement of financial position.

As required by ASC No. 820, which provides a framework for measuring fair value under GAAP, investments are classified within the level of lowest significant input considered in determining fair value. ASC No. 820 also establishes a fair value hierarchy, which prioritizes the valuation of inputs into three broad levels as described below:

Level 1 – quoted prices in active markets as of the measurement date

Level 2 – quoted prices which are not active, quoted prices for similar assets or liabilities in active markets or inputs other than quoted prices that are observable (either directly or indirectly) for substantially the full term of the asset or liability

Level 3 – significant unobservable prices or inputs where there is little or no market activity for the asset or liability at the measurement date.

Fair values of assets measured on a recurring basis at June 30, 2016 are as follows:

		-air Value	Quoted Prices in Active Markets for Identical Assets (Level 1)		Significant Other Observable Inputs (Level 2)		Significant Unobservable Inputs (Level 3)	
Cash and Cash Equivalents	\$	1,551,233	\$	1,551,233	\$	=	\$: 4 6:
U.S. Government Obligations		459,075		459,075		-		15.0

	\$	4,807,555	\$	4,807,555	\$		\$	

NOTE 5: PROPERTY AND EQUIPMENT:

Property and Equipment consisted of the following at June 30, 2016 and 2015:

	2016	2015
Land and Improvements	\$ 50,431	\$ 50,431
Building	6,730,000	6,730,000
Building Improvements	5,143,708	5,143,708
Equipment	3,809,954	3,815,924
	15,734,093	15,740,063
Less: Accumulated Depreciation and Amortization	(7,833,211)	(7,319,750)
	\$ 7,900,882	\$ 8,420,313

NOTE 6: NOTE PAYABLE:

Note Payable consisted of the following at June 30, 2016 and 2015:

	c====	2016	2015
Note Payable to Montana Board of Investments,			
2% Interest, Due in Annual Installments of			
\$25,727, including interest, until June, 2023	\$	166,380	\$ 188,340

Future maturities of the note payable are as follows:

Year Ended	
June 30,	
2017	\$ 22,399
2018	22,847
2019	23,304
2020	23,770
2021	24,246
Thereafter	 49,814
	\$ 166,380

NOTE 7: LINE OF CREDIT:

The Institute renewed its \$250,000 revolving line of credit with a financial institution on March 18, 2016. Borrowings under the line of credit bear interest at the Wall Street Journal Prime rate plus 1.25%. The line of credit expires on March 20, 2017. As of June 30, 2016, no funds were drawn on the line of credit.

NOTE 8: EMPLOYEE BENEFIT PLAN:

The Institute has a section 403(b) defined contribution retirement plan allowing the Institute to make monthly contributions of 10% of the compensation of eligible employees. The plan allows participants to make voluntary contributions up to limited amounts. Retirement expense amounted to \$88,615 and \$83,388 during the years ended June 30, 2016 and 2015, respectively.

NOTE 9: CAPITAL LEASE:

The Institute entered into a lease agreement for a copier machine during the year ended June 30, 2015. The lease calls for 63 monthly payments of \$128, which includes principal and interest of 7.18%. The Institute shall have the option to purchase the property at the end of the initial term or any renewal term for \$1.

The following is a schedule by years of future minimum payments required under the lease as of June 30, 2016:

Year Ended		
June 30,		
2017	\$	1,535
2018		1,535
2019		1,535
2020		1,535
2021		128
Total Minimum Lease Payments		6,268
Less: Amount Representing Interest	2	(849)
Present Value of Minimum Lease Payments	\$	5,419

NOTE 10: CONCENTRATIONS:

The Institute receives a significant amount of its funding from the Montana Department of Commerce ("MDOC") and the National Institutes of Health ("NIH"). During the year ended June 30, 2016 approximately 40% and 43% of the Institute's grant and research revenues were grants provided by MDOC and NIH, respectively. During the year ended June 30, 2015 approximately 47% and 36% of the Institute's grant and research revenues were grants provided by MDOC and NIH, respectively.

NOTE 11: ENDOWMENT FUNDS:

The Institute's donor-restricted endowment fund was established to support the Institute's mission. As required by GAAP, net assets associated with endowment funds are classified and reported based on the existence or absence of donor-imposed restrictions.

The Institute's Board of Directors has interpreted the Montana Uniform Prudent Management of Institutional Funds Act ("UPMIFA") as requiring the preservation of the fair value of the gift (as of the date of gift) of donor-restricted endowment funds absent explicit donor stipulations to the contrary. As a result of this interpretation, the Institute classifies as permanently restricted net assets (a) the original value of gifts donated to the permanent endowment; (b) the original value of subsequent gifts to the permanent endowment; and (c) accumulations to the permanent endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund. The remaining portion of the donor-restricted endowment fund that is not classified as permanently restricted net assets is classified as temporarily restricted net assets until those amounts are appropriated for expenditure by the Institute in a manner consistent with the standard of prudence prescribed by UPMIFA. In accordance with UPMIFA, the Institute considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds: (a) the duration and preservation of the various funds; (b) the purposes of the donor-restricted endowment funds; (c) general economic conditions; (d) the possible effect of inflation and deflation; (e) the expected total return from income and appreciation of investments; (f) other resources of the Institute; and, (g) the Institute's investment policies.

The Institute has adopted investment and spending policies for endowment assets that are intended to provide greater independence, to increase financial stability and to provide support for the Institute's program goals. The Institute's spending policy is to appropriate for distribution each year an amount equal to 5% of the endowment fund's average investment market value over the previous 3 years. The intent of the policy is to maintain the purchasing power of the endowment fund into perpetuity.

From time to time, the fair value of assets associated with a donor-restricted endowment fund may fall below the level that the donor or UPMIFA requires an organization to retain as a fund of perpetual duration. In accordance with generally accepted accounting principles, the Institute has reported deficiencies of this nature in unrestricted net assets as of June 30, 2016. These deficiencies resulted from unfavorable market fluctuations and continued program appropriation that was deemed prudent by the Board of Directors.

The composition of endowment net assets as of June 30, 2016 was as follows:

	Permanently			
	Unrestricted	Restricted	Total	
Donor-Restricted Endowment Funds	\$ (110,756)	\$ 3,247,213	\$ 3,136,457	

The composition of endowment net assets as of June 30, 2015 was as follows:

	Permanently				
	Unr	estricted	Restricted_	Total	
Donor-Restricted Endowment Funds	\$	72,247	\$ 2,678,902	\$ 2,751,149	

Changes in endowment net assets for the year ended June 30, 2016 was as follows:

	<u>Un</u>	restricted	rmanently Restricted	Total
Endowment Net Assets, July 1, 2015	\$	72,247	\$ 2,678,902	\$ 2,751,149

Investment Income, Net of Fees		122,243	6,276	128,519
Change in Value Split-Interest Agreements		=	(7,563)	(7,563)
Net Appreciation		(207,522)	(8,064)	(215,586)
Amount Appropriated for Expenditure		(97,724)	*	(97,724)
Endowment Net Assets, June 30, 2016	\$	(110,756)	\$ 3,247,213	\$ 3,136,457

Changes in endowment net assets for the year ended June 30, 2015 was as follows:

			Permanently	
	Un	restricted	Restricted	Total
Endowment Net Assets, July 1, 2014	\$	74,098	\$ 2,167,624	\$ 2,241,722
Contributions		: #	513,942	513,942
Investment Income, Net of Fees		132,034	7,472	139,506
Change in Value Split-Interest Agreements		X22	(7,870)	(7,870)
Net Appreciation		(48,954)	(2,266)	(51,220)
Amount Appropriated for Expenditure		(84,931)	<u>≅</u> 1	(84,931)
Endowment Net Assets, June 30, 2015	\$	72,247	\$ 2,678,902	\$ 2,751,149

The Institute is also the beneficiary of funds owned and administered by the Montana Community Foundation (the Foundation). Distributions from this fund shall be made according to the spending policy established by the Foundation's governing board. Distributions made to the Institute during the years ended June 30, 2016 and 2015 were minimal. The endowment fund balance at the Foundation at June 30, 2016 and 2015 was \$7,963 and \$8,292, respectively.

NOTE 12: RESTRICTIONS/DESIGNATIONS ON NET ASSETS:

The Board of Directors of the Institute has designated unrestricted net assets at June 30, 2016 and 2015, as follows:

	2016	2015
Designated for Genesis Fund (Reserve)	\$ 613,107	\$ 618,868
Designated for Renewals and Replacements	59,291	63,245
	\$ 672,398	\$ 682,113

Temporarily restricted net assets were available for the following purposes at June 30, 2016 and 2015:

	2016		2015	
Student Programs and Scholarships	\$	28,914	\$	37,679
New Director Fund	2	100,000	8	
	\$	128,914	\$	37,679

Permanently restricted net assets are the Institute's endowment, the earnings of which may be used for any purpose. Permanently restricted net assets amounted to the following at June 30, 2016 and 2015:

	2016	2015
Endowment	\$ 3,247,213	\$ 2,678,902

NOTE: 13: RELATED PARTIES:

During the year ended June 30, 2016, the Institute participated in a related party transaction with an organization founded by two of its board members, Montanans for Research and Cures, which launched and managed a statewide ballot initiative effort seeking public support of brain research in Montana. Per board authority, the Institute contributed to Montanans for Research and Cures, providing funding for initial polling, consulting and legal costs, and contributing cash, in-kind staff time, and in-kind incidental costs in support of the ballot initiative campaign. Total contributions for the year ending June 30, 2016 were \$52,227, including cash of \$46,000, in-kind staff time of \$6,085, and in-kind incidental costs of \$142.

NOTE 14: SUBSEQUENT EVENTS:

Accounting Standards Codification (ASC) No.855: Subsequent Events establishes general standards of accounting for and disclosures of events that occur after the statement of financial position date but before the financial statements are issued or are available to be issued. Specifically, it sets forth the period after the balance sheet date during which management of a

reporting entity should evaluate events or transactions that may occur for potential recognition or disclosure in the financial statements, the circumstances under which an entity should recognize events or transactions occurring after the statement of financial position date in its financial statements, and the disclosures that an entity should make about events or transactions that occurred after the statement of financial position date.

In accordance with ASC No. 855, the Institute evaluated subsequent events through February 23, 2017, the date these financial statements were available to be issued. Subsequent to year end, the Institute's Board of Directors voted to assume certain debts incurred by Montanans for Research and Cures, a separate organization founded by two of the Institute's board members. The debts totaling \$97,492 were incurred for signature gathering and consulting expenses related to a statewide ballot initiative effort seeking public support of brain research in Montana.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL
OVER FINANCIAL REPORTING AND ON COMPLIANCE AND
OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL
STATEMENTS PERFORMED IN ACCORDANCE
WITH GOVERNMENT AUDITING STANDARDS

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of McLaughlin Research Institute for Biomedical Sciences, Inc. ("Institute") (a nonprofit organization), which comprise the statement of financial position as of June 30, 2016, and the related statements of activities, cash flows, and functional expenses for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated February 23, 2017.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Institute's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Institute's internal control. Accordingly, we do not express an opinion on the effectiveness of the Institute's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Institute's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Institute's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Institute's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Great Falls, Montana February 23, 2017
